## Venue

Hellenic Federation of Sports Coaches and Trainers Office – Athens, Greece

## Agenda

11.00 – 11.45: Welcoming-getting acquainted

12.00 – 14.00: The meeting focused on: 1) what sport associations could be aware of in order to use transnational actions through the presentation of the Erasmus + Sport action framework and the relevant exploitation potential. The presentation was made by Mr. Konstantinos Maggioros, member of the Erasmus+ Sports National Agency for Greece (IKY).

2) the results of the AFTERMATCH Project, which identifies the benefits that athletes derive from their sport and which they can use for their professional rehabilitation / further career after the end of their sporting activity. The relevant presentation was made by InterMediaKT team member and educational model trainer Mr. Nikolaos Matsanko.

14.00 - 14.30: Round table Feedback from the Participants.

14. Athanasios Vasilopoulos, Project Manager, [OneEurope Greece & Cyprus](#)
15. Konstantinos Maggioros, Project Manager, [National Agency of Greece \(IKY\)](#)

### **Summary of the workshop and results**

The goal of this event was to inform the sport associations, federations and clubs about the results of the AFTERMATCH project and provide useful information about the Erasmus+ Sport framework and the relevant opportunities.

First of all, the National Agency of Greece (IKY) presented the Erasmus + Sport framework and provided useful information about the sport programs and the funding opportunities. Also, InterMediaKT presented what has been achieved so far, by introducing the results of the AFTERMATCH Survey, and then continued with the results of the realization and implementation of the model, mentioning the conclusions of the previous workshops. Throughout the duration of the presentation, there were several Q&A breaks for discussion on the main topics of the AFTERMATCH Model, as well as recommendations for the correct implementation of the model and comments/feedback provisions. With the help and experience of our participants, we brought a lot of interesting issues and several approaches have been proposed.

In particular, we discussed about the results of the AFTERMATCH final survey and which are the soft skills that have been presented and how can be used in a professional way. Also, we discussed about the institutional framework addressed to the dual career of athletes and how the AFTERMATCH approach could be integrated.

#### ***UPCOMING Activities:***

- ***Meeting with Vasilis Argyriou, Project Manager, [OPAP Sport Academies](#) during July for getting involved in Academies curricula***

SUMMARIZING...

#### **REALITY CHECK**

The main subjects of our meeting were about the results of the AFTERMATCH project the situation in our country and the lack of an institutional framework addressed to the dual career of athletes. Knowing the current situation in our country and after few discussions, the participants accepted with great interest the AFTERMATCH approach
